

Glulam Beams

Size	Lengths	Design Value	Species	Grade
3-1/2" x 9-1/2"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
3-1/2" x 11-7/8"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
3-1/2" x 14"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
3-1/2" x 16"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
5-1/2" x 9-1/2"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
5-1/2" x 11-7/8"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
5-1/2" x 14"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural
5-1/2" x 16"	12' - 48'	24F-V4 1.8E	Douglas Fir	Architectural

Species: Douglas Fir

Design Value: 24F-V4 1.8E

Application: Interior Beams and Columns

Finish: Smooth

Grade: Architectural Appearance Grade

Features & Benefits:

- Only Glulam that perfectly matches dimensional lumber sizes
- Architectural Appearance Grade; fully sanded smooth face, micro eased edge, and all small knots and voids are filled
- Take paints and stains exceptionally well
- Matches engineered wood depths for seamless compatibility
- Easier to work with than steel – cuts, nails, and handles just like regular timber
